Lot 71 CSM 365 in the NE ¼ - NW ¼, Section 4, T33N, R9W. 
Address: N2422 Loons Bay Road

Property owner: O’Connell Cabins LLC 
708 Talmadge Street 
Eau Claire, WI 54701

Tesky read the notice of public hearing which was posted per the requirements of a Class (2) notice. The town clerk and owner were notified by Certified Mail and neighboring property owners within 500’ were notified by First Class Mail. The DNR was notified by email, which is their preferred method. Chairman Willingham explained the public hearing process. There are a large number of letters that have been submitted for testimony. Discussed reading letters first to get the issues presented and then those present can present testimony. Tesky explained that the application is for an existing structure which is 28’ x 34’. O’Connell cabins purchased this property last year and have been using it as a short term rental. A letter was read from Craig Bleess.

Chairman Willingham asked for anyone to speak in favor of the request. Brad O’Connell was present. He stated they purchased the property for family and recreational use. It is a two bedroom house and they are not planning any new construction. They had planned on 10 person occupancy, but now realize that the septic system will only allow for 6 people. They will make that change to the advertising. They received a lodging license from the Health Department in January. They did not intend to ruffle feathers by renting the property. O’Connell said they look forward to being part of the lake association. They are not looking to start a restaurant or bait shop. They will have rules for the people who are renting and it will be for private recreation. They will be happy to share the rules they have for guests.

Chairman Willingham asked for anyone to speak in opposition to the request. Tesky and Johnson read letters that had been submitted and they are available in the file. Steinbacher & Timothy Paul, Adam Steinbacher, Matt Federer, Laura Plummer, Arno, Jamie, Addison & Isabele Lamm, Jen & Jesse Roesler, Cynthia Blum-Johnson & Ted Johnson, Terry Vaassen, Judy Steinbacher, Judith Pierotti, Fred & Margaret Perri, Donna & James Willis, Marc & Evelyn Wruble, Cory Sander, Liz Grzechowiak, Arthur Schunk & Joyce Pugh, Ray & Candy Frech, Antar Saleem, and Steve Steinbacher. Letters were read until 3:30 P.M.

O'Connell stated the listing agent told him there were already rental properties on the lake. There was no mention that rental properties were prohibited. He tried to do research. A neighbor said the association voted to allow rentals—that is what he was told. He wanted to explain how he ended up where he is at.

Chairman Willingham asked for anyone present to speak in opposition. Candy Frech was present and stated she had just called John Flor and he was upset that it was stated that he said it was acceptable to rent.

Doug Wakeman stated he bought property at Two Bear because of the covenants. He noted that a comment from a January rental stated they could easily sleep over 10 if they brought air mattresses. There are two other properties currently renting their cabins and the lake association is trying to take care of this issue. The renters don’t have a vested interest. They also had to listen to swear words from renters. This is being widely advertised, and the owners won’t be able to control the number of people using the property.

Donna Willis wanted to clarify that there are 2 other cabins renting on the lake and they are pursuing action regarding this use. Also, when the vote to change to covenants failed, there were issues besides the renting of cabins that affected the vote and it was very close.

Timothy Boyer said he understands that the property owner has several rental properties and they this is part of his business.

Joyce Pew stated they live in Chippewa Falls and own lot 72. They are adjacent to the O'Connell property. She stated the covenants are there to keep the lake pristine. She said that 3 out of 5 homes on Loon’s Bay Road are renting. There is an increase in vehicles and they have had to deal with a loud bachelorette party. She asks the committee to consider the environmental impact and the noise pollution.

Peter Kassulke stated he has owned his property for 20 years ago and 6 months ago they became permanent residents. They have also experienced problems with renters abiding by the covenants. He is asking the committee to help the association enforce the covenants by denying the permit.

Steve Steinbacher stated there are certain characteristics to the lake and this request is going against them. He had a letter to submit.

Peg Perri stated they own a cabin on lot 20. This is a wonderful place. Our kids and grandkids come to stay and enjoy the lake. They hope the owners of lot 71 will use it privately instead of
commercially. The covenants are being violated. The owners have been contacted personally and told of the violation. There have been other violations of the covenants and people usually respond right away and comply. Legal action can be taken by the association.

Fred Perri commented that covenants are legal contracts. The purchaser agrees to the covenants when they sign to buy the land. There were many negative experiences last summer with renters.

Tim Hall stated that the covenants can be updated and he does not support this request.

There being no further testimony, Chairman Willingham closed the public hearing at 3:50 P.M.
