Chairman Willingham called the public hearing to order at 2:33 P.M. Members present were Willingham, Schneider, Costello and Mai. Taylor was absent. The purpose of the hearing was a rezoning request to change the zoning from Resource Conservation to Forestry on the Margaret Hill property in the parcel of land in the NW¼-NE¼-NW¼, Section 2, T34N, R8W.

Zoning Administrator, CeCe Tesky read the notice that was put in the paper and she said the notice met all requirements.

Willingham asked three times for anyone in favor or opposed of the request.

Jason Gillis asked what Resource Conservation is and CeCe explained that it is mostly wetland areas, although this request is non wetland and the owners would like to be able to build a permanent residence. Jason spoke in favor of the request.

No other comments.

Closed the Public Hearing at 2:37 P.M.

Monica Kenealy, Secretary/Bookkeeper
