Chairman Willingham called the public hearing to order at 3:02 P.M. Members present were Phil Schneider, Tom Costello, Kathy Mai, Cliff Taylor and Dave Willingham. Staff Present: CeCe Tesky and Monica Kenealy. The purpose of the hearing was for review and public comment on a conditional use request to allow a scrap metal transfer station in the Town of Marshall, in the NW¼-NW¼, Section 6, T33N, R5W, property owner Nathan Grajewski.

Tesky read the public hearing notice and gave the committee the application to look over.

Willingham asked for anyone present in favor of the request. Jim & Nathan Grajewski were present. Jim stated that he and his son have been running a transfer station for 4 years in the Village of Conrath. They want to move their location because the operation has expanded. There’s not enough room to operate where they are. They already have a license from the State of Wisconsin and want to change the address for the state.

Willingham asked for anyone present against the request. Tesky read a letter from Zeny and Sheri Kuc with concerns about possible stray voltage. (See attached letter).

Willingham asked for anyone present in favor of the request. Joe Lawrence, from the Town of Marshall was present. He stated that he has no objections. Costello asked about the environmental impact. Jim stated that they use a cement slab and there is a stormwater permit that they must obtain through WI DNR. There was discussion about limiting noisy activity during funerals at the nearby cemetery, as well as limiting traffic which may get backed up onto CTH I when they are busy and the scale is full.

Willingham asked three times for anyone present in favor or against the request. No one else spoke.

Willingham closed the public hearing at 3:14 P.M.

Monica Kenealy
Secretary/Bookkeeper
